

2006 WOBURN GARDEN AWARDS

With the spring, one of Woburn's special traditions begins to show its colors; the city's carefully tended gardens are starting to bloom! As you walk down almost any street, you will see all types of plants starting to rise out of yards and porch planters.

This season, WREN is again sponsoring the Woburn Garden Awards in order to recognize the beauty of local gardens and the hard work put into them by their creators, our city's gardeners.

You can enter your own garden or you may nominate another garden that you enjoy. Simply fill out the nomination form and send it to us by July 1st.

Judges will visit the nominated gardens on July 15th to select this year's winners. Photographs and interviews with the winning gardeners will be displayed on September 17th at the Awards Celebration held at City Hall.

Entry/Nomination Forms will be available at City Hall, the Library, the newspaper and at www.GoWREN.org.
